

QUALITY CONTROL INSPECTOR

ABOUT US:

Smartrend Manufacturing Group (SMG), Inc., established in 2004, is a leading supplier of customer-specific engineered parts and assemblies for transportation industries and general industrial applications. In 2018, First Light Safety Products (FLSP) was created as a tradename under SMG, to pioneer self-contained illuminated safety products for the pupil transportation industry. In the years since FLSP has emerged as the market leader for Illuminated School Bus Signs and Fully Illuminated Stop Arms and pursued exclusivity over its products and technologies through considerable investment in proprietary know-how and patent protection.

SUMMARY:

The **Quality Control Inspector** performs mechanical inspections, documents, and reports results. The successful candidate is an experienced quality control inspector, has great attention to detail and a strong understanding of technical part documents. The position reports to the Director of Quality.

DETAILED DUTIES AND RESPONSIBILITIES:

- Read part drawings and associated technical documents to understand the requirements of parts
- Perform inspection and testing of incoming and outgoing material to defined specifications and standards
- Identify, contain, and conduct investigations on non-conforming material
- Document inspection outcomes by completing detailed reports and performance records
- Resolve quality related issues in a timely manner
- Support the definition, setup, and maintenance of our calibration system
- Other related duties as required
